Fax: 416.667.9776

As the Medical Director for the Toronto Cardiac Safe City Public Access Defibrillator Program in association with the Sunnybrook - Osler Centre for Prehospital Care, I have been asked to provide a letter of support and endorsement for the proposed PAD initiative for the Toronto District School Board. Along with Toronto EMS, we are presently managing over a thousand providers in over 50 sites across Toronto.

We have also established a close relationship with the Mikey Network and appreciate and support their efforts in the development of PAD programs. We hope to be an active partner in the upcoming TDSB endeavour.

Regards,

Mike Brzozowski
Medical Director
