Dear Morty,

On behalf of the Toronto District School Board I want to express our sincere appreciation to the Mikey Network for your generous donation.

The provision of Automatic External Defibrillators and the associated training for each of our Secondary Schools and our administrative sites will provide reassurance that we are prepared to assist in the event of a cardiac arrest in these buildings. We appreciate your patience as we worked through the approval process.

I have asked Chris Broadbent our Manager of Health & Safety to launch this program and to continue to work with the EMS and the other parties involved. We look forward to delivery of the first AED's early in the new year and to hearing of the success of the program.

Thank you once again.

Sincerely,
