Dear Morty and friends at the Mikey Network,

On behalf of the Tim Horton Children's Foundation I would like to thank you for your donation of defibrillator's for each of the six Foundation camps.

Your generous gifts are greatly appreciated as they help the Foundation ensure a safe environment for campers. This year the Foundation will be serving a record 13,000 economically disadvantaged children. Through our camp programs we expose children to a variety of activities that positively push their limits and test their boundaries. Through these activities it is our hope that children learn life skills that they can use throughout their adulthood to help better themselves and their communities.

Throughout the upcoming weeks I will contact you regarding possibilities for further recognition of your generous donation. Once again, thank you. Together, we truly are making a difference in the lives of children from our communities.

Sincerely,
TIM HORTON CHILDREN'S FOUNDATION

Jeffrey Hoffman
Communications and Development Manager
