DURHAM RADIO CRUISERS EXTEND THE MIKEY NETWORK

Durham Radio Inc., in partnership with **The Mikey Network** has installed Mikey defibrillators in its event cruisers as part of the "Mikey On Board" program, including all cruisers Durham Radio's KX96 New Country FM, CKDO 102.7FM/1580AM and 94.9 The ROCK.

"We thought that the benefits of having Mikeys on board our station events vehicles would be a positive contribution to the communities served by our stations," said **Durham Radio President Doug Kirk**. "We're delighted that **Hugh Heron (President of Heathwood Homes and Mikey Network Chairman)** and **Morty Henkle (Mikey Network Executive Director)** enthusiastically supported the idea."

A Mikey defibrillator can deliver an electronic shock to the heart that can save the life of a person suffering sudden cardiac arrest. The Mikey Network is dedicated to the memory of the late **Mike Salem**, a Heathwood Homes Partner who died of cardiac arrest on a golf course.
